

Richard Séguin is appointed CEO of Group Onduline, a worldwide specialist of light roofing

Richard Séguin is dual national French and British. He has more than 25 years of experience of leading and developing industrial companies with extensive international presence. He has been Managing Director of the silica division at Rhône-Poulenc and CEO of Techpack International at Pechiney.

Since 2005, he was CEO of Parex Group, one of the leading worldwide players in construction chemicals, which he doubled in size and profits and sold successfully to CVC capital partners.

Richard has a BS in Maths and Physics from Polytechnique Paris, an MS in civil engineering from Ecole des Ponts Paris and an MS in transportation economics from MIT.
